Profile Summary

Machine Learning enthusiast with hands-on experience in developing projects using Python, Scikit-Learn, FastAPI, and Computer Vision. Familiar with data preprocessing, model training, and deployment concepts through academic and personal projects. Seeking opportunities to apply and expand my skills in Machine Learning and MLOps.

Skills

Programming: Python, C, JavaScript

Machine Learning & AI: Scikit-Learn, YOLOv8, NLP, TF-IDF, RAG, LLMs, Computer Vision

MLOps & Deployment: FastAPI, REST APIs, FAISS, Joblib, Model Serving

Database: SQL

Tools: VS Code, Postman, Git, GitHub

Education

B.E. (Electronics and Communication Engineering) – Sri Shakthi Institute of Engineering and Technology, Coimbatore (CGPA: 7.8)

Projects

Earthwork Volume Estimation from Construction Site Drone Videos

- Built an end-to-end pipeline for construction-site monitoring using drone imagery and computer vision techniques.
- Processed aerial video data through frame extraction, annotation, and dataset preparation for deep learning workflows.
- Applied YOLOv8-based detection methods to identify excavation and fill regions in construction environments.
- Explored 3D terrain reconstruction and change detection techniques for automated earthwork volume estimation and project progress tracking.

Tech Stack: Python, OpenCV, YOLOv8, Computer Vision

Resume RAG Chatbot

- Developed a Retrieval-Augmented Generation (RAG) system for resume analysis using PDF parsing, text chunking, and semantic embeddings.
- Implemented vector search using FAISS and Sentence Transformers to retrieve contextually relevant resume information from user queries.
- Integrated Large Language Models (LLMs) to generate natural-language responses based on retrieved resume content.
- Built an end-to-end pipeline covering document ingestion, embedding generation, vector storage, retrieval, and question-answering.

Tech Stack: Python, FAISS, Sentence Transformers, LLMs, RAG, PDF Processing

Certifications

- Python Bootcamp (Udemy)
- Full Stack Intern
- Web Development Course (Udemy)
