Coimbatore, India | [7550386766](tel:7550386766) | libinpriyadarsan05@gmail.com | <https://www.linkedin.com/libinpriyadarsan2005> | libinpriyadarsan_05

Profile Summary

Full-Stack Developer with hands-on experience building web applications using React.js and Django REST Framework. Familiar with designing REST APIs, implementing backend validation logic, and working with PostgreSQL databases. Interested in developing practical applications and improving problem-solving skills through structured system design and clean coding practices.

Skills

- Programming: Python, C, JavaScript
- Frontend: React.js, HTML5, CSS, Bootstrap
- Backend: Django REST Framework
- Database: PostgreSQL, SQL
- Tools: Git, GitHub, Postman, VS Code, PyCharm

Education

B.E(Electronics and Communication Engineering)

Sri Shakthi Institute of Engineering and Technology,
Coimbatore -- CGPA-8.2

HSC-SMHS Matric Higher Secondary School, Coimbatore -- 85%

Projects

Campus Transport & Ride Optimization Platform — React.js, Django REST, PostgreSQL

- Built role-based transport booking system (Student/Admin) with JWT authentication . Implemented safe seat booking using DB transactions to avoid overbooking & duplicates. Developed ride-sharing with cost-splitting and capacity validation. Created modular REST APIs and optimized database queries for performance

Student Performance Analytics & Risk Prediction System — React.js, Django REST, PostgreSQL

- Developed role-based dashboards for students and faculty. Implemented backend risk scoring using attendance and subject performance trends. Classified students into risk levels based on academic decline detection. Built secure REST APIs with validation and optimized analytics queries

Verified Student Accommodation Platform — React.js, Django REST, PostgreSQL, Google Maps API

- Built geo-based accommodation search with role-based access. Implemented safety scoring and moderated review system. Integrated maps for distance filtering and location view. Developed secure REST APIs with optimized database models

Certifications

- Python (udemy)
- Full Stack Intern
- Web Development Course (Udemy)
